

A man in a dark suit, white shirt, and patterned tie is leaning on the dashboard of a car. He is wearing dark sunglasses and holding a smartphone in his hands. On the dashboard, there is a black leather folder, a silver pen, and a set of keys. The background shows a building with large windows and a balcony.

# Collection 2015

Mercedes-Benz

A close-up, profile view of a man with a beard and sunglasses, wearing a dark suit and white shirt, driving a car. The background is blurred, showing the car's interior and a side mirror. The lighting is bright, suggesting a sunny day.

**Good design never rests on its laurels.** The search for perfection is all about evolution. Particularly when it comes to design. At Mercedes-Benz design classics are made to last, right down to the smallest detail. The characteristic lettering on the rear of the vehicle, for example, instantly identifies a Mercedes-Benz.

**Proud of the star – the German professional golfer Martin Kaymer** is the perfect brand ambassador for Mercedes-Benz. The desire to improve, to perfect, and to push the boundaries in pursuit of that outstanding performance is something that both Mercedes-Benz and Martin Kaymer share. Kaymer has achieved impressive victories in major championships, but is also passionately involved in the world's biggest amateur series, the MercedesTrophy. Encouraging amateur golfers around the world and making the sport more popular is as important to him as it is to us. Our passion is reflected in our high-quality golf line by BOSS Green: exclusive, expressive and highly functional!

**Step by step in pursuit of perfection – by hand.** AMG vehicles from Mercedes-Benz radiate sporty character and perfection in every detail. And the same can be said of our AMG leather series with the “Handmade in Germany” label. Here the finest European leather is put through up to 250 processing stages. For our carbon leather series, a wafer-thin carbon fibre-look film is painstakingly applied to the high-quality unsplit leather – for a look that’s inspired by the refined appointments inside our AMG vehicles.

## Filter categories for sunglasses

Four filter categories are used for sunglasses, based on the degree of tint. Please use the table below to decide which category best suits your needs.

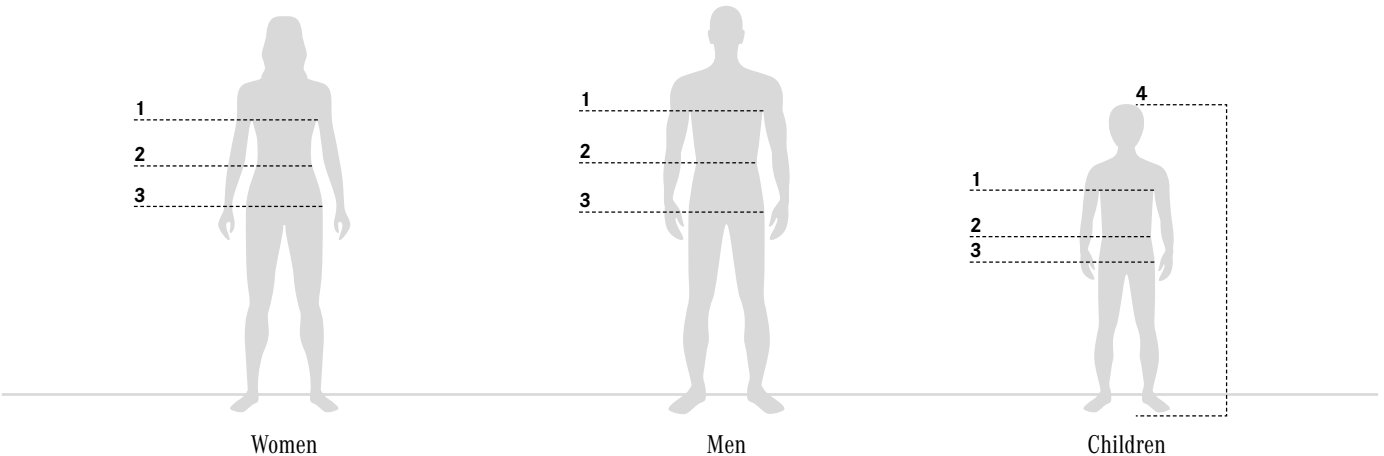

CATEGORY	Tint	Protection/light conditions
1	20-57%	Light protection for overcast days
2	57-82%	Normal protection for summer days in Central Europe
3	80-92%	High protection for expanses of water, beaches and mountains, plus Southern European countries; from 90% tint not suitable for driving!
4	92-97%	Maximum protection for high mountains and glaciers; not suitable for driving!

## Clothing sizes

The tables below are designed to help you find your perfect size. It is important to take your measurements correctly. For best results, you should be relaxed and wearing only your underwear. Ideally you should use a tape measure which you should keep close to the body. If you have someone to help you, it will be easier and more precise.

- 1. BUST/CHEST:** keeping the tape measure horizontal, measure around the fullest part of the bust/chest
- 2. WAIST:** measure around the waist without drawing the tape measure too tight
- 3. HIPS:** keeping the tape measure horizontal, measure around the fullest part of the hips
- 4. HEIGHT** (for children's clothing): measure from the top of the head to the sole of the feet without shoes

Please note: separate tables are provided for the brands OLYMP, SCHÖFFEL and PUMA.

December 2014. Please note: changes may have been made to the products since this publication went to press (12/2014). The manufacturer reserves the right to make changes to the design, form, colour and specification during the delivery period, provided these changes, while taking into account the interests of the vendor, can be deemed reasonable with respect to the purchaser. Where the vendor or the manufacturer uses symbols or numbers to describe an order or the subject of an order, no rights may be derived solely from these. The illustrations may show accessories and items of optional equipment which are not part of standard specification. Colours may differ slightly from those shown here, owing to the limitations of the printing process. This publication is distributed internationally. Information given regarding statutory regulations, legal requirements and taxation and the consequences thereof applies to the Federal Republic of Germany only and is correct at the time of going to press. Please consult your Mercedes-Benz retailer for final details.
